### Active Workspace Object Data Indexer Settings

Configure the settings for extraction start and end times in the fields provided below.

Extraction Time

Date

Time

Start Time

YEAR MONTH DAY

10:00

Example: 2015-01-01

Example: 13:15

☐ No End Time

Date

Time

☐ End Time

YEAR MONTH DAY

HH:mm

Example: 2015-01-01

Example: 13:15

If 'No End Time' is specified then indexing will be done for all items that have been created from the specified start time until now.
